

COVID - 19 *Task Force*

Legal guidance on how to implement the special measures to tackle Covid-19 answering the concerns felt by business and individuals

MG Advogados has launched a task force prepared to answer your concerns arising from the special measures implemented by the Government to tackle COVID-19, which include, among others, financial aid to business and individuals, job retention schemes and measures to protect the workers' family lives.

The special measures enforced under the state of emergency have a significant impact on the daily lives of business and individuals, as such it is fundamental to take conscious and well informed decisions to overcome the specific hardships arising from this situation.
